	<p>5.2 Special hazards arising from the substance or mixture Combustion products include fluorine compounds, such as hydrogen fluoride.</p> <p>5.3 Advice for fire fighters Protective equipment including breathing apparatus must be worn when approaching a fire in a confined space.</p>
6. Accidental Release Measures	<p>6.1 Personal precautions, protective equipment and emergency procedures Spilt product constitutes a slip hazard. Avoid contact with eyes.</p> <p>6.2 Environmental precautions No special precautions required.</p> <p>6.3 Methods and material for containment and cleaning up Can be wiped from surfaces and residues cleaned with water and detergent.</p>
7. Handling and Storage	<p>7.1 Precautions for safe handling No special precautions required.</p> <p>7.2 Conditions for safe storage, including any incompatibilities No special precautions required.</p> <p>7.3 Specific end use(s) No special precautions required.</p>
8. Exposure Controls/ Personal Protection	<p>8.1 Control parameters At ambient temperature grease has very low volatility, so development of fumes is highly unlikely. At temperatures approaching 300 °C, if thermal decomposition occurs, hydrogen fluoride, carbonyl difluoride and other toxic fumes may be released.</p> <p>8.2 Exposure controls The level of controls depends on the use. In most cases very small quantities of material are used. Eye washes should be available for emergency use. Respiratory protection: None required. Hand protection: Wash hands after use. For prolonged or repeated skin contact gloves are recommended. Eye protection: None required.</p>
9. Physical and Chemical Properties	<p>9.1 Information on basic physical and chemical properties Appearance: Semi-solid white grease. Odour: None. pH: Not applicable. Melting point: Data not available. Initial boiling point and boiling range: >270 °C. Flash point: Not flammable. Flammability (solid, gas): Not flammable. Upper/lower flammability or explosive limits: Data not available. Vapour pressure: 1.32×10^{-12} Torr at 25 °C. Vapour density: Not applicable.</p>
